Description:

1.The data of minor child custody before 2013 was collected in accordance with the classification of supplemental child custody attribution to family divorce cases decided by final rulings (winning the suit, partly wining the suit and partly losing the suit, defendents counterclaiming and winning the suit) in district courts; after 2014, the custody attribution is classified in accordance with the minor.

"2.Starting from 2023, this table adds new information on ""Divorcees in opposite- or same-sex marriage"", presenting the number of divorcees in ""Opposite-sex"" and ""Same-sex"" marriages."
